

## Carbon Reduction Policy Statement

19.12.2023

As a contractor of specialist construction products and services across a number of sectors, Manning Construction Ltd fully acknowledges that trapped atmospheric carbon emissions increases the risk of global warming which has an adverse impact upon climate change.

We are aware that reducing our Greenhouse Gas Emissions represents significant benefits for us, our customers, suppliers and the wider community (both at local and global level) in support of the Welsh Government's *All Wales Plan* and the UK Government's *Climate Change Act (2008)*.

In aiming to meet the national Net Zero target (to 2050), Manning Construction Ltd commits to:

1. Developing a Net Zero Roadmap setting out realistic milestones for achieving carbon neutrality giving full consideration to sector-level global pathways
2. Protecting the environment and preventing pollution by implementing carbon reduction actions to include waste minimisation and the introduction of renewable (and cleaner) energy solutions
3. Developing a *Supplier Code of Conduct* and championing influence within supply chains
4. Sourcing timber from ethically approved suppliers, including the Forest Stewardship Council in meeting *Chain of Custody* requirements
5. Setting progressive near- and long-term sustainability targets to improve social, environmental and economic performance
6. Investing in educational initiatives aimed at protecting habitats and increasing biodiversity, sustaining local communities and enhancing quality-of-life and well-being for future generations
7. Maintaining a zero-tolerance stance in relation to the use of conflict minerals
8. Communicating this policy document to designers, contractors, suppliers (and others) and provide training and awareness programmes (as necessary) to support its use.

The policy will be reviewed on an annual basis to ensure it is keeping a pace with global and domestic developments to ensure the continued application of good practice.

Our policy is available to all persons working on behalf of Manning Construction Ltd and will be made available to interested parties upon request. This Carbon Reduction Policy Statement is also available on the Manning Construction Ltd website.

.....  
**Mr. Stephen Euston**  
Managing Director
